

The Totally Soccer Buying Program

How you'll breeze through the buying process!

Our staff is specially trained in working with first-time buyers. We're here to save you time, money and tons of stress. With sixteen years experience and a track record of fast and reliable shipping*, we will get you on the field on-time and under budget. Here's a question and answer of what makes our Program a "No-Brainer!"

<u>Buyer's Problem</u>	<u>Totally Soccer Solution</u>
I'm spending \$500 on a new set of jerseys. Will I be able to get more?	Yes! We view your purchase as an investment. We don't discontinue product, so you can always get more.
The uniform I like is only available in adult sizes. I need both youth and adult.	All Totally Soccer jerseys are available from youth small to adult XX-large. We now even offer select styles in youth extra-small!
I really like a particular style, but it isn't available in my color.	Our styles are offered in sixteen core colors. With home/away options, some styles are available in up to thirty colors.
I have a difficult time getting volunteers to show up for anything. How will the uniforms arrive?	Your order will arrive "Ready to Play." Each team will have its own bundle of jerseys, shorts and socks that are computer labeled and ready to pass out.
I don't know what size to order. What should I do?	We have a Sizing Guide that incorporates thousands of teams over the years. It's pretty good. If you have time, we can even send you a sizing sample.
We don't have a logo, but I want my jerseys to look great.	We have 200+ completely customizable logos for your team. You don't have to be a graphic artist to have great looking jerseys.
How long will the uniforms be available?	Forever! All product is made in our factory, so we can always make you more. We are always in stock!
We need our uniforms fast. How long does it take?	Last year, we shipped 89.8% of all customized orders within ten days. Check it out - it leads the industry!
I need fast and reliable. Are you reliable?	Yes! 98.2% of all items arrive on-time last year.
Why do you know your shipping rates?	We are fanatical about it and track it! Other companies will tell you they are fast and reliable. Demand proof with numbers!
I'm completely confused about the total cost because of all the printing.	It's why we include standard customization with the price of your uniforms. You get a free pocket logo and back number. Pay only a \$25 screen setup.
What if we lose a jersey or a player joins the team?	No problem. Don't throw the jerseys in the bag because of one little change to the team. We can get you more. Just call us!

Demand Proof – Others Make the Claim we BACK IT UP!

Fast Shipping – 89.8% of all orders shipped fully customized within ten days	Reliable Shipping – 98.2% of all orders arrived on-time
